Reason for Allowance

The following is an examiner's statement of reasons for allowance: the prior art reference of records (US. 4,429,236; 6,181,173) fail to teach or suggest an apparatus for generating according to a voltage applied between a apparatus comprising: a discharge circuit coupled between the power node and the ground as called for in claim 21; a discharge circuit comprising a resistor and a diode coupled between the power node and the ground as called for in claim 31 and a method for generating a power-on or reset status signal on an output node according to a supply voltage applied between a ground node and a power node, the method comprising the following steps: discharging the capacitor by an alternative circuit when the supply voltage is resetting, where the alternative circuit is coupled between the power node and the output node of the RC circuit as called for in claim 32. Therefore, claims 21-38 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
